Wonders & Worries

5850 SAN FELIPE
SUITE 120
HOUSTON, TX 77057

We welcome you to join us in celebration and support of the important work of Wonders & Worries at the Second Annual Pinchers & Pickleball Tournament and Crawfish Boil on April 26 at Pickleball Social.

Finding out you have a terminal illness can paralyze a family. Each of us has been affected by a loved one's illness and ultimate death. Unfortunately, Wonders & Worries was not available to us in Houston until recently. Now that the services are available in Houston, I have watched as a dear friend began her cancer fight with Wonders & Worries by her side, helping her children and husband along the way. The organization gave hope and age-appropriate knowledge to her children and empowered them to not be afraid. We have all wanted to be part of this wonderful organization and the hope and light it brings to families in our community.

Wonders & Worries has been an invaluable resource for patients and their families throughout Texas for over 24 years. We are grateful our friends and families can now access these services at three locations in the Greater Houston area. The meaningful care provided by the Wonders & Worries team is a critical, but often overlooked, service for families during the most difficult experience of their lives. The impactful work of this organization inspired us to become more involved by supporting this first Houston-based fundraiser for the organization. All funds raised by this event will be used to provide services within Houston to ensure these vital services remain available for the children who need them.

Your participation and generosity will allow for Wonders & Worries to continue to provide care and grow to serve even more families. Together, we can ensure that every child who is struggling with a parent's illness or serious injury will not do so alone.

With deep appreciation,

Wonders & Worries

Professional support for children
through a parent's illness or injury.

We will, together.

OUR MISSION

Wonders & Worries provides free, professional support for children and teenagers through a parent's serious illness or injury.

A parent's life-changing illness can negatively affect a child, increasing their risk for behavioral, emotional and academic problems. It can interfere with personal relationships and stress management.

Wonders & Worries ensures that children and teenagers can reach their full potential despite these challenges. Our ultimate vision is to provide services to all families across the nation who face serious parental illness.

THANK YOU TO OUR SUPPORTERS
