## *Our Mission*

Wonders & Worries provides free, professional support for children and teenagers through a parent's serious illness or injury.

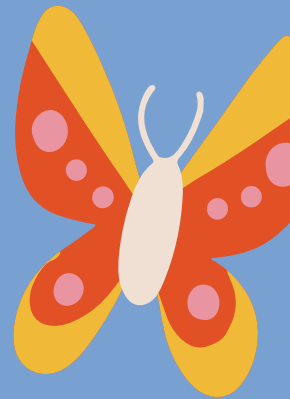

A parent's life-changing illness or injury can negatively affect a child, increasing their risk for behavioral, emotional and academic problems. It can interfere with personal relationships and stress management.

Wonders & Worries ensures that children and teenagers can reach their full potential despite these challenges. Our ultimate vision is to provide services to all families across the nation who face serious parental illness or injury.
